DATA SHEET– Club Chair ROK-CL01

The ROK-CL01 club chair is a rotationally molded furniture solution designed for secure healthcare and psychiatric environments. Manufactured in France, its robust one-piece construction, resistant to impacts and fluids, ensures safety, stability, and durability for intensive daily use while minimizing the risk of tipping.

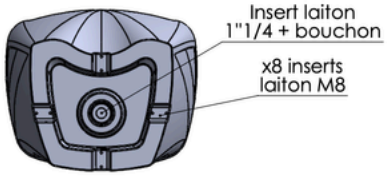

Thanks to its reassuring design and one-piece construction with no removable components, the ROK-CL01 club chair meets the demanding requirements of high-risk environments. Easy to clean, compatible with hospital disinfection protocols, and 100% waterproof, it also offers excellent impact resistance, an optional ballast system, and a lifetime warranty for optimal durability and a reduced total cost of ownership.
